Town Clerk and Responsible Financial Officer

Noth Wales Fire and Rescue - Launch of public consultation on continuing to prevent and respond to emergencies

Our five principles for keeping communities safe - have your say

You are invited to take part in North Wales Fire and Rescue Authority's consultation on our five-year Community Risk Management Plan 2024-2029 and our Implementation Plan for 2024 -2025 to have your say on our five principles for keeping communities safe.

A Community Risk Management Plan (CRMP) aims to identify risks facing the community and describes how the Fire and Rescue Authority will manage those risks and continue to prevent and respond to fires and other emergencies.
This consultation is therefore important to everyone in North Wales and listening to your views is important to us.

The Authority wants to know what YOU think

We are asking for your opinion on whether we have identified the most appropriate risks and whether our plans and objectives will meet the aims of our five principles.
These are just some of the key questions contained in the consultation.
Your feedback is really important - we want to know what you think about our plans before the Fire and Rescue Authority makes any final decisions.

So please take the time to complete the consultation questionnaire.
The consultation opens on 25 March 2024 and closes at midnight on 16 June 2024.
To take part, please visit www.northwalesfire.gov.wales to complete the questionnaire and to access all the information needed in order to respond to the questions. Direct link here.
You can call or text us on 07787 578 386, or email Ourfiveprinciples@northwalesfire.gov.wales if you would like a paper copy of the questionnaire, which you can return to us free of charge.

You can access an easy read format of the supporting information on our website and there is an also assistive toolbar on the website for read aloud functionality, larger text and to view the information in a range of additional languages.

Thank you for your participation.
Councillor Dylan Rees
Chair of North Wales Fire and Rescue Authority

RECOMMENDED: That

Council be asked it if wishes to comment on the consultation.
