

DEFIBRILLATORS

Heart Restarter — anyone can use it

If someone is unconscious and not breathing normally, act fast

1	Call 999 immediately Ask for an ambulance and follow the call handler's instructions.
2	Start CPR Push hard and fast in the centre of the chest. Keep going until help arrives or the person starts breathing normally.
3	Send someone for the defibrillator Switch it on and follow the voice instructions. The device will only shock if needed.
